

POSITION VACANCY

Chief Water Treatment Plant Operator

Fulltime

DUTIES:

Under the direction of the division manager, coordinate and participate in the operation and maintenance of the potable water supply system and water treatment plant facilities; including booster stations, storage facilities and raw water intakes. Designated responsible operator in charge. Plan, assign, participate in and review the work of plant operators; schedule and rotate shift assignments, coordinate and conduct training on plant operation, laboratory sampling techniques and methods to ensure safe and efficient year round operation of facilities 24-hours per day.

REQUIREMENTS:

High school diploma or G.E.D. Three (3) years of experience in a Class III water treatment plant including operations, maintenance and laboratory responsibilities. Experience operating advanced water treatment facilities preferred. Valid Washington State driver license, Class IV Water Treatment Plant Operator Certification (may be acquired during the probationary period) and Valid First Aid/CPR certification.

SALARY:

\$31.70 - \$35.00/hr., plus benefits
